## PLAZHI PASQYRA | MIRROR BEACH

Immerse yourself in the tranquil embrace of Albania's Plazhi Pasqyra (Mirror Beach) where cobalt blue depths meet the luminous turquoise shallows, a haven where land and sea merge in a dreamlike harmony, and where delicate golden accents dance like sunlight on gentle waves, adding a celestial glow to the composition.

Encased in a glossy epoxy resin finish, the artwork shimmers with life, transforming itself as it catches the light.

Mirror Beach is not merely the depiction of its striking beauty, but an invitation, and a portal to stillness and introspection, where the viewer is drawn into the quiet majesty of nature's untouched splendor.
